

## Remote Drafter (Part-Time)

**Location:** Remote (U.S. Based Preferred)

**Job Type:** Part-Time, Remote

### About Aquatic Consultants Inc.

Aquatic Consultants Inc. is a **multi-award-winning**, internationally recognized design consulting firm based in Miami, Florida. We specialize in high-end designs for pools, spas, water features, ponds, and aquatic environments. Led by industry pioneers Andrew Kaner, MLA, PHTA Certified Master, and Brian Van Bower, Genesis Co-founder & Ambassador, our firm was honored with the **2024 Pinnacle Award** and featured in **Luxury Pools Magazine**.

Due to our **ongoing growth and expansion**, we are opening a **part-time remote** opportunity for a **highly technical Drafter** to support our elite team of designers.

### Position Overview

This is a **remote, part-time** position focused exclusively on **technical drawing production** for upscale aquatic projects. We are seeking a **proactive, experienced architectural drafter** who can work independently and deliver top-quality CAD/Revit documentation with minimal supervision.

◆ This is a highly selective position, best suited for someone with a proven architectural or structural drafting background — **experience in pool design is a major plus**.

### Key Responsibilities

- Produce accurate and professional **construction documents**, technical drawings, and detail sets.
- Convert conceptual design materials into detailed plans under **senior direction**.
- Update and revise drawings per feedback and redlines.
- Ensure technical accuracy, consistency, and compliance with standards and codes.
- Manage time effectively to meet remote deadlines with minimal oversight.

### Required Qualifications

- **Proficiency in AutoCAD and Revit** (both must be installed and fully operational on your personal workstation).
- **Architectural or structural drafting experience is required.**
- Associate's degree or certificate in Architecture, Drafting, or related field.
- At least **2+ years of remote drafting experience** preferred.
- Must have a **fully equipped home office** setup (reliable internet, dual monitors, ergonomic setup, and all required software licenses).
- Detail-oriented, highly organized, and capable of producing clean, construction-ready documents.
- Excellent communication and time management skills.
- **Pool design or construction experience is a strong green flag.**

### What It Takes to Succeed in This Role

- You are **independent and self-motivated** — no micromanaging here.
- You can **communicate clearly** and check in proactively with team members.
- You maintain a **high standard of quality** even when working remotely.
- You respect timelines and take ownership of your part in the project flow.
- You bring **problem-solving energy** to every task you take on.

#### **To Apply:**

Send your **resume, portfolio**, and a **brief cover letter** specifying you're applying for the **Remote Drafter position** to:
